SOUTHALL ANGUS SALE - THE INAUGURAL EVENT

On behalf of all of us at Southall Angus, it is our sincere pleasure to welcome you to our inaugural sale.

It is a great honor and privilege to offer you what we believe is a strong representation of our program and a cross-section of the cattle that make up our herd. This offering represents a dream that began many years ago for two young boys growing up on small farms in Southern Illinois and Central Tennessee. Through years of hard work, persistence, and a passion for the cattle business, that dream has become a reality.

Throughout our combined 70 years in the cattle business, most of it with the Angus breed, Jimmy and I have always wanted to develop cattle that we could be proud of—cattle we could enjoy raising and, most importantly, cattle we could share with others throughout the industry. From the beginning, we have worked to build our program around the fundamentals of the mother cow and the traits that we believe are essential to keeping both the commercial cattleman and the purebred seedstock producer in business.

Our focus has remained on the traits that stand the test of time: sound feet, functional udders, production and performance records, longevity, fertility, and the ability to maintain condition and thrive in a working environment. We believe these fundamentals are the foundation of a profitable and sustainable cowherd.

As you look through our first offering, you will find cattle that reflect these principles and the direction we have chosen for Southall Angus. We have made a deliberate effort to develop cattle that are functional, productive, easy to handle and built to have a positive impact on the herds they become a part of.

We are deeply grateful to the many people who have encouraged, supported, and helped us along the way. We could not have reached this point without the friendships, mentorship, and confidence of so many within the cattle industry. For that, we are truly thankful.

We are committed to our customers and to providing Angus breeders with the best possible product we can produce. More than anything, we want our customers to be successful with the cattle they purchase from Southall Angus, and we look forward to building lasting relationships with each of you.

If you have any questions about the offering or our program, please do not hesitate to contact us. We would be honored to have you join us on the first Saturday of November as we celebrate this important milestone for Southall Angus.

Thank you for your interest, your friendship, and your confidence in our program.

Sincerely,

Dr. Sam Lynch & Jimmy Armstrong

 - Coleman Maternal Balance 3734 was the 2025 lead off bull of the Coleman Angus Spring Bull Sale and the \$260,000 one-half interest purchase of Ingram Angus and Southall Angus, LLC of Tennessee. He captivated breeders across

the country during the 2025 spring sale season and has been an impressive individual from day one. Maternal Balance is in one of the most complete, fault-free packages you will find anywhere in our breed. He has explosive muscle shape and a big top with tremendous depth of body in a perfectly structured skeleton; he stands on a perfect foot combined with phenomenal growth and performance in a highly maternal package and stems from one of the all-time great females in the Coleman Angus program, Coleman Chloe 9275.

Coleman Chloe 9275, his dam, is a great herd-sire producing female as she has produced impressive bulls that include the \$125,000 Coleman Arrowhead 235 working in the Voss Angus program in Iowa, the \$40,000 Coleman Mahomes 2216 working in the McCurry Angus Ranch program in Kansas, the \$170,000 Coleman Platinum 2622 working in the Arrowsmith Red Angus and TK Angus programs in Nebraska, the \$225,000 Coleman Security 428 working in the Voss Angus program, the \$37,500 Coleman Concrete 441 working in the Talkington Angus program in North Dakota, Coleman General 431, and Coleman Flagstone 420 working in the J.J. FOR REFERENCE ONLY.
Owned with Select Sires, Inc., Plain City, OH; Southern Cattle Company, Marianna, FL.

Coleman Easy Decision 1539 is a featured calving-ease bull whose calves come easy and hit the ground with tremendous vigor and take off from day one with tremendous performance and growth. He has been used heavily around the country and breeder reports from different sectors around the United States have complimented the genetics and how these cattle continue to perform after birth.

Easy Decision is backed by five generations of donor dams and calving-ease genetics from the Coleman Angus program and his mother, Coleman Donna 7386, is the \$210,000 one-half interest, second high-selling female of the 2023 Your Maternal Source Sale for a \$420,000 valuation and current member of the Southall Angus, LLC program in Tennessee. His grandmother was a sale highlight the same day where she sold for \$32,500 one-half interest for a \$65,000 valuation to Talkington Angus of North Dakota. His mother has an impressive record with a progeny production record of BR 4@90, WR 4@113, YR 3@114 and a calving window of 362 days; she has generated \$273,000 on eight head to average \$34,125 in past Coleman Angus events.
